## STRUCTURE SUMMARY

**Structure:** Senior/Subordinate/Overcollateralization Structure

**Prepayment Assumption:** 2-year and shorter Fixed Rate Period Adjustable-Rate Mortgage Loans: 2.0% CPR in month 1, building to 30.0% CPR by month 12; 30.0% CPR for months 13-22; 60.0% CPR for months 23-27; 35.0% CPR for months 28 and thereafter.

3-year and longer Fixed Rate Period Adjustable-Rate Mortgage Loans: 2.0% CPR in month 1, building to 30.0% CPR by month 12; 30.0% CPR for months 13-34; 60.0% CPR for months 35-39; 35.0% CPR for months 40 and thereafter.

Fixed-rate Mortgage Loans: 4.0% CPR growing to 23.0% CPR over 12 months and remaining at 23.0% CPR thereafter.

**Pass-Through Rate:**

- The monthly Pass-Through Rate for the Class A and Class M Certificates on each Distribution Date is the lesser of:
  - (1) the Formula Rate
  - (2) the related Net WAC Cap for that Distribution Date
- The Formula Rate for the Class A and Class M Certificates is as follows:
  - *On or prior to the Optional Termination Date:* The lesser of (i) 1-Month LIBOR plus a margin which will be set at pricing for the Class A and Class M Certificates and (ii) the related maximum cap rate.
  - *After the Optional Termination Date:* The lesser of (i) 1-Month LIBOR plus 2x the initial margin for the Class A Certificates and 1-Month LIBOR plus 1.5x the initial margin for the Class M Certificates and (ii) the related maximum cap rate.

**Principal Payments for Class A Certificates:** Prior to the Stepdown Date or if a Trigger Event occurs, the Class A Certificates will receive ALL of the principal collected on the related mortgage loans plus any Excess Interest from the mortgage loans required to build to or maintain the Targeted Overcollateralization Amount.

On or after the Stepdown Date and assuming no Trigger Event is in effect, principal distributed to the Class A Certificates will be an amount such that the Class A Certificates will have approximately [44.30]% of the current principal balance of the related Mortgage Loans as credit enhancement (which is 2x the initial credit support).

**Principal Payments for Class M Certificates:** The Class M Certificates will NOT receive any principal distributions prior to the Stepdown Date, or if a Trigger Event occurs, unless the aggregate certificate principal balance of the Class A Certificates is reduced to zero.

Thereafter (assuming no Trigger Event is in effect), principal will be shared among the Class M Certificates to maintain, in each case, approximately 2x their respective initial credit support.

**Maximum Cap Rate:** The Maximum Cap Rate for any Distribution Date and

(a) the Group I Certificates is a per annum rate (adjusted for the actual number of days in the related Interest Accrual Period) equal to the weighted average of the Maximum Net Mortgage Rates on the then outstanding Group I Mortgage Loans, weighted based on their principal balances as of the first day of the related Due Period

- minus the Net Swap Payment or Swap Termination Payment, if any, made to the Swap Provider (only if such Swap Termination Payment is not due to a Swap Provider Trigger Event (as defined in the Swap Agreement)) expressed as a per annum rate of Net Swap Payment or Swap Termination Payment made to the Swap Provider by the Trust divided by the aggregate principal balance of the Mortgage Loans,
- plus any amounts expressed as a per annum rate of payments from the Cap Agreement divided by the aggregate principal balance of the Mortgage Loans,
- plus, any amounts expressed as a per annum rate, equal to the Net Swap Payment made by the Swap Provider and divided by the aggregate principal balance of the Mortgage Loans.

(b) the Group II Certificates is a per annum rate (adjusted for the actual number of days in the related Interest Accrual Period) equal to the weighted average of the Maximum Net Mortgage Rates on the then outstanding Group II Mortgage Loans, weighted based on their principal balances as of the first day of the related Due Period,

- minus the Net Swap Payment or Swap Termination Payment, if any, made to the Swap Provider (only if such Swap Termination Payment is not due to a Swap Provider Trigger Event (as defined in the Swap Agreement)) expressed as a per annum rate of Net Swap Payment or Swap Termination Payment made to the Swap Provider by the Trust divided by the aggregate principal balance of the Mortgage Loans,
- plus any amounts expressed as a per annum rate of payments from the Cap Agreement divided by the aggregate principal balance of the Mortgage Loans,
- plus, any amounts expressed as a per annum rate, equal to the Net Swap Payment made by the Swap Provider and divided by the aggregate principal balance of the Mortgage Loans.

(c) the Mezzanine Certificates is a per annum rate equal to the weighted average (weighted in proportion to the results of subtracting from the aggregate principal balance of each loan group the current aggregate Certificate Principal Balance of the related Class A Certificates) of (i) the Maximum Cap Rate for the Group I Certificates and (ii) the Maximum Cap Rate for the Group II Certificates.

The Maximum Cap Rate is subject to an adjustment based on the actual number of days that have elapsed in the related Interest Accrual Period.

**Group I Principal Remittance Amount:**

For any Distribution Date, an amount equal to the aggregate of:

- (i) the principal portion of all scheduled monthly payments on the Group I Mortgage Loans actually received or advanced on or prior to the related Determination Date;
- (ii) the principal portion of all proceeds received in respect of the repurchase of a Group I Mortgage Loan, or, in the case of a substitution, amounts representing a principal adjustment, as required by the pooling and servicing agreement during the related Prepayment Period; and
- (iii) the principal portion of all other unscheduled collections, including insurance proceeds, liquidation proceeds and all full and partial principal prepayments, received during the related Prepayment Period net of reimbursements, including reimbursements to the trustee and the servicer, to the extent applied as recoveries of principal on the Group I Mortgage Loans.

**Group II Principal Remittance Amount:**

For any Distribution Date, an amount equal to the aggregate of:

- (i) the principal portion of all scheduled monthly payments on the Group II Mortgage Loans actually received or advanced on or prior to the related Determination Date;

Citigroup Global Markets Inc.

- (ii) the principal portion of all proceeds received in respect of the repurchase of a Group II Mortgage Loan, or, in the case of a substitution, amounts representing a principal adjustment, as required by the pooling and servicing agreement during the related Prepayment Period; and
- (iii) the principal portion of all other unscheduled collections, including insurance proceeds, liquidation proceeds and all full and partial principal prepayments, received during the related Prepayment Period net of reimbursements, including reimbursements to the trustee and the servicer, to the extent applied as recoveries of principal on the Group II Mortgage Loans.

**Optional Termination:** 10% cleanup call based on the Cut-off Date Principal Balance of the mortgage loans. If such call is exercised, the Class A and Class M Certificateholders are entitled, to the extent of funds available, to:

- Outstanding principal balance of the Class A and Class M Certificates
- Current interest accrued on such balance at the related Pass-Through Rate
- Interest previously earned but not paid (if any)
- “LIBOR Carryover Amount” (if any)

**Net WAC Cap:** Group I Certificates: The per annum rate (subject to adjustment based on the actual number of days elapsed in the related Interest Accrual Period) equal to (x) the weighted average of the Net Mortgage Rates of the Group I Mortgage Loans minus (y) the Net Swap Payment or Swap Termination Payment, if any, made to the Swap Provider (only if such Swap Termination Payment is not due to a Swap Provider Trigger Event (as defined in the Swap Agreement)) expressed as a percentage, equal to a fraction, the numerator of which is equal to the Net Swap Payment or Swap Termination Payment made to the Swap Provider by the Trust and the denominator of which is equal to the aggregate principal balance of the Mortgage Loans, multiplied by 12.

Group II Certificates: The per annum rate (subject to adjustment based on the actual number of days elapsed in the related Interest Accrual Period) equal to (x) the weighted average of the Net Mortgage Rates of the Group II Mortgage Loans minus (y) the Net Swap Payment or Swap Termination Payment, if any, made to the Swap Provider (only if such Swap Termination Payment is not due to a Swap Provider Trigger Event (as defined in the Swap Agreement)) expressed as a percentage, equal to a fraction, the numerator of which is equal to the Net Swap Payment or Swap Termination Payment made to the Swap Provider by the Trust and the denominator of which is equal to the aggregate principal balance of the Mortgage Loans, multiplied by 12.

Class M Certificates: The per annum rate (subject to adjustment based on the actual number of days elapsed in the related Interest Accrual Period) equal to the weighted average (weighted in proportion to the results of subtracting from the aggregate principal balance of each loan group, the current certificate principal balance of the related Class A Certificates), of (i) the Net WAC Cap for the Group I Certificates and (ii) the Net WAC Cap for the Group II Certificates.

**Net Mortgage Rate:** For each Mortgage Loan the applicable Mortgage Rate less the Administrative Fee Rate.

**LIBOR Carryover Amount:** The excess, if any, of (i) the amount of interest the Class A and Class M Certificates would have accrued for such Distribution Date based on its respective Formula Rate, over (ii) the amount of interest the Certificates accrued for such Distribution Date based on the related Net WAC Cap, plus the unpaid portion of any such excess from prior Distribution Dates plus interest accrued thereon at the respective Formula Rate.

**Interest Carry Forward Amount:** As of any Distribution Date, the sum of:

- (x) the excess, if any, of the Accrued Certificate Interest and any Interest Carry Forward Amount for the prior Distribution Date, over the amount in respect of interest actually distributed on each class on such prior Distribution Date and
- (y) interest on such excess at the applicable Pass-Through Rate on the basis of the actual number of days elapsed since the prior Distribution Date.

Citigroup Global Markets Inc.

- Excess Interest:** Excess Interest, to the extent it is not used for other required purposes, including to absorb realized losses on the Mortgage Loans, to cover certain interest shortfalls on the Certificates, to reimburse previously allocated losses, or to fund any Overcollateralization Deficiency, will be available to make distributions of the LIBOR Carryover Amount to the Certificates in an amount equal to any reductions in the amount of interest distributable to such holders caused by application of the related Net WAC Cap.
- Senior Enhancement Percentage:** For any Distribution Date, the percentage obtained by dividing (x) the sum of:
- (i) the aggregate Certificate Principal Balance of the Class M Certificates, and
  - (ii) the overcollateralization amount, in each case before taking into account the distribution of the Principal Distribution Amount on such Distribution Date by
- (y) the aggregate principal balance of the Mortgage Loans as of the last day of the related Due Period.
- Available Funds:** For any Distribution Date, the sum, net of amounts reimbursable therefrom to the Servicer, the Trustee, the Credit Risk Manager or the Swap Provider of: (i) the aggregate amount of scheduled monthly payments on the Mortgage Loans due during the related Due Period and received on or prior to the related Determination Date; (ii) unscheduled payments in respect of the Mortgage Loans (including prepayments, insurance proceeds, liquidation proceeds, subsequent recoveries and proceeds from repurchases of and substitutions for the Mortgage Loans, occurring during the related Prepayment Period or proceeds from the repurchase of the Mortgage Loans due to the Optional Termination of the Trust); (iii) all Servicer Advances with respect to the Mortgage Loans received for such Distribution Date; and (iv) all compensating interest paid by the Servicer in respect of prepayment interest shortfalls for the related period.
- Principal Distribution Amount:** For each loan group on any Distribution Date, the lesser of (i) the outstanding certificate principal balance of the Class A and Class M Certificates and (ii) the related Principal Remittance Amount minus any related Overcollateralization Release Amount.
- Group I Principal Distribution Amount:** With respect to any Distribution Date prior to the Stepdown Date or on which a Trigger Event is in effect, 100% of the principal received on the Group I Mortgage Loans. With respect to any Distribution Date on or after the Stepdown Date on which a Trigger Event is not in effect, an amount, not less than zero, equal to the excess of (i) the outstanding certificate principal balance of the Group I Certificates over (ii) the lesser of (a) approximately [55.70]% of the outstanding principal balance of the Group I Mortgage Loans on the last day of the related Due Period and (b) the outstanding principal balance of the Group I Mortgage Loans as of the last day of the related Due Period minus 0.50% of the aggregate principal balance of the Group I Mortgage Loans as of the cut-off date.
- Group II Principal Distribution Amount:** With respect to any Distribution Date prior to the Stepdown Date or on which a Trigger Event is in effect, 100% of the principal received on the Group II Mortgage Loans. With respect to any Distribution Date on or after the Stepdown Date on which a Trigger Event is not in effect, an amount, not less than zero, equal to the excess of (i) the outstanding certificate principal balance of the Group II Certificates over (ii) the lesser of (a) approximately [55.70]% of the outstanding principal balance of the Group II Mortgage Loans on the last day of the related Due Period and (b) the outstanding principal balance of the Group II Mortgage Loans as of the last day of the related Due Period minus 0.50% of the aggregate principal balance of the Group II Mortgage Loans as of the cut-off date.

All distributions of principal to the Group II Certificates on any Distribution Date will be distributed sequentially, first to the Class A-2A Certificates, second to the Class A-2B Certificates and third to the Class A-2C Certificates, in each case until the Certificate Principal Balance of each such class of Certificates has been reduced to zero.

Notwithstanding the foregoing, on any Distribution Date on or after which the aggregate

Citigroup Global Markets Inc.

Certificate Principal Balance of the Class M and Class CE Certificates has been reduced to zero, principal will be allocated to Group II Certificates on a pro-rata basis based on the Certificate Principal Balance of each such class.

- Class M Principal Distribution Amount:** For each Class M Certificate with respect to any Distribution Date on or after the Stepdown Date on which a Trigger Event is not in effect, the excess of (i) the sum of (a) the aggregate outstanding Certificate Principal Balance of all more senior Certificates after distribution of all more senior Principal Distribution Amounts on the related Distribution Date and (b) the outstanding Certificate Principal Balance of the respective Class M Certificates over (ii) the lesser of (a) approximately 100% minus 2X the respective Class M Certificates initial credit support percentage of the outstanding principal balance of the Mortgage Loans on the last day of the related Due Period and (b) the outstanding principal balance of the Mortgage Loans as of the last day of the related Due Period minus 0.50% of the aggregate Principal Balance of the Mortgage Loans as of the Cut-off date.
- Cap Agreement:** On the Closing Date, the Trust Administrator (in its capacity as Cap Trustee for the Cap Trust) will enter into a Cap Agreement with the Cap Provider for the benefit of the Group I Certificates, Group II Certificates and Class M Certificates. The Cap Provider will be obligated to make monthly payments to the Cap Trustee (based on a notional amount) when one-month LIBOR exceeds the strike rate for the related period. The schedule containing the notional amounts are in the tables on pages 16.
- Swap Agreement:** On the Closing Date, the Trust Administrator (in its capacity as Supplemental Interest Trust Trustee for the Supplemental Interest Trust) will enter into a Swap Agreement with the Swap Provider. Under the Swap Agreement, on each Distribution Date (i) the trust shall be obligated to pay to the Swap Provider an amount equal to [5.15]% per annum on a notional amount equal to the related swap notional amount set forth in the schedule below and (ii) the trust will be entitled to receive from the Swap Provider an amount equal to One-Month LIBOR on the notional balance in each case as accrued during the related swap accrual period, until the swap is retired. Only the net amount of the two obligations above will be paid by the appropriate party. Upon early termination of the Swap Agreement, the trust or the Swap Provider may be liable to make a termination payment (the "Swap Termination Payment") to the other party, regardless of which party caused the termination. The Swap Termination Payment will be computed in accordance with the procedures set forth in the Swap Agreement. The schedule containing the notional amounts are in the tables on pages 17.
- Payment Priority:** On each Distribution Date, Available Funds from the Mortgage Loans will be distributed as follows:
1. First, to pay any Net Swap Payment or the Swap Termination Payment (not caused by a Swap Provider Trigger Event (as defined in the Swap Agreement)) owed to the Swap Provider.
  2. From the Interest Remittance Amount for each group, to pay interest on the related Class A Certificates on a *pro-rata* basis based on the entitlement of such class, including any accrued unpaid interest from a prior Distribution Date, (first from the related loan group, then from the other loan group if necessary), and then, excluding any accrued unpaid interest from prior Distribution Dates, to pay interest to the Class M Certificates, sequentially.

Principal distributed to the Group II Certificates will be distributed sequentially to the Class A-2A, A-2B and A-2C Certificates, in that order, until the Certificate Principal Balances thereof have been reduced to zero (except as otherwise specified under "Group II Principal Distribution Amount"). Any remaining Principal Distribution Amounts will be allocated to the Class A Certificates outstanding in the

- unrelated group.
